Budapest, Budapest, Hungary

Summary

For more than 15 years, I have helped high-net-worth investors, entrepreneurs and affluent families secure visa free travel freedom through citizenship and residence by investment programs. I'm the founder and CEO of Best Citizenships, World's first advisory platform for Citizenship by Investment (CBI) and Golden Visa programs. Since 2011, as licensed subagents, we've guided HNWI investors across 15+ programs in the Caribbean, Europe, and the Pacific — maintaining a 99% approval rate, completing 100+ client cases from 40+ countries, facilitating over \$100M in qualified investment, serving clients through 12+ offices worldwide. Our model is built on confidential advisory for low fees, working directly with trusted government-licensed agents, property developers and law firms. My work has been featured in several international news and media outlets. Areas of expertise: ✓ Citizenship by Investment ✓ Economic Citizenship ✓ European Golden Visas ✓ Residence by Investment ✓ Real Estate Investing ✓ Wealth Migration Solutions ✓ Dual Citizenship Strategies ✓ Global Mobility Solutions ✓ Due Diligence Solutions ✓ Government Advisory Covering ✓ St. Kitts and Nevis ✓ St. Lucia ✓ Grenada ✓ Portugal ✓ Vanuatu ✓ Hungary ✓ Latvia ✓ Greece ✓ USA ✓ Nauru provide independent guidance on citizenship and residence programs across Europe, the Caribbean, the Pacific and other emerging investment migration destinations. I provide tailor made investment products linked to CBI/RBI programs to affluent clients. I also advise governments in designing CBI/RBI programs to raise sovereign revenues. I'm also a tech expert and innovator, i specialize in citizenship advisory, financial consulting and AI/crypto technology startups. I am industry pioneer for developing CBI platforms the industry runs on — including Best Citizenships, First Citizenship by investment platform founded in 2011, CBIGV, the first AI-powered application platform for CBI and

Golden Visas. I also authored the Citizenship-by-Taxation (CBT) model, as alternative to CBI, now being pitched to the industry and governments. Also first to pioneer Tokenized Citizenship through blockchain for CBI/GV programs. Our startup ventures form The Yellow Network — a family of startup brands advancing the digital future of investment migration. My clients value discretion above all. If you're an individual, family office, or business exploring second citizenship, residency, or cross-border wealth migration strategy, I welcome a confidential conversation. info@bestcitizens.com · WhatsApp: +36 70 550 4957
